WHAT WILL I LEARN?

Trends, tools, insights, strategies, new channels and more. Essentially, it's about practice – best, newest, most innovative. This is a practitioner-led course. You are learning about a compelling, responsive world, ultimately powered by the minds of billions of people, so we bring that sense of dynamism into the virtual classroom.

The best learning is doing, so **DMI Certification** happens when you have completed two real-world style assignments. What you produce is a comprehensive digital marketing strategy.

And it will be exciting.

STAGES OF THOUGHT AND PRACTICE

Six stages for white-hot digital expertise, powerful planning and real-world change-making:

1. Social Media Marketing
2. Digital Strategy and Planning
3. Customer Experience (CX),
E-commerce and Conversion
Rate Optimization (CRO)
4. Search Marketing
5. Digital Selling
6. Essential Skills

Stage 1

SOCIAL MEDIA MARKETING

There is a big conversation, with billions of people talking, non-stop, all over the world. The conversation is powerful. It can transform cultures, rip down belief systems, turn a reality star into the biggest mega-celeb in history and change the way we talk, eat, exercise and think about ourselves. It's called social media and you want in. And if you're already there, you want more in.

Influence is not a subtle thing you do from the shadows anymore. It's not even an artform, it's a science. There is a world of razor-sharp thought, insight and practice to help you get inside the conversation around your industry and your brand and lead it where you need it to go. But first go deep inside the minds you want to reach. Explore the networks, find your people and learn how to speak their digital language. We teach creative social media strategies. We teach how to implement budgets, set and measure KPIs and analyze the effectiveness of campaigns using key metrics such as click-through rates, open rates, likes and more. But really, we teach how to connect, engage, delight, amuse, make people aware. How to make people feel warm, cool and happy.

Modules:

- Social Research
- Content Creation and Outreach
- Facebook, Twitter, LinkedIn
- Instagram and Snapchat
- YouTube and Social Video
- Social Customer Service
- Strategy and Planning

Stage 2

DIGITAL STRATEGY AND PLANNING

Digital isn't re-inventing the marketing wheel, just making it spin faster and faster, so it covers more ground, shoots to the moon, and comes right back to tell you about its adventures in real-time and in pinpoint detail. These extraordinary capabilities can translate into extraordinary plans and strategies. See further, think bigger.

This Stage is all about making your Bigger Picture manifest. It's about where you want your message and brand to be. Who you want it to speak to. What behavior you want it to create. We take that timeless and priceless marketing classic, the value proposition, and show how it works in this exciting new landscape (as brilliantly as ever, with a little inspired translation). Then how to deploy the new and powerful systems, tools, research and practices of the discipline. Explore big data, analytics, machine learning and AI. Reframe social media as a customer service channel. Consolidate state-of-the-art theory and practice in advanced digital strategies that wow even the most hardened boardrooms, captivate consumers and seamlessly convert into sales.
